

Puppy Enrichment

Ideas and Activities to do at Home

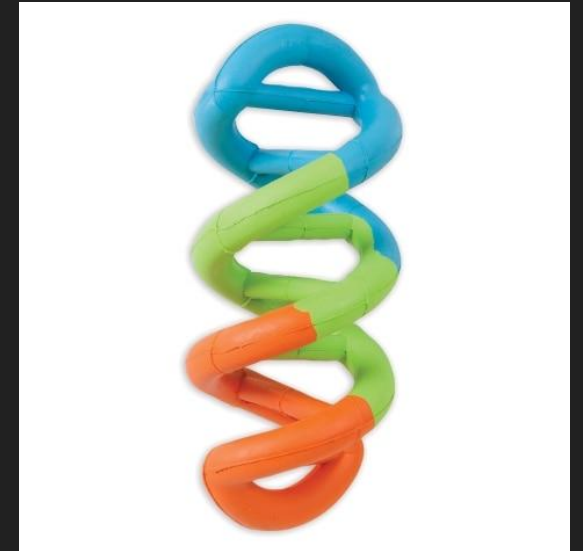

What is Enrichment?

- Providing safe and “legal” outlets for normal dog behavior

- Try not to think of enrichment as something extra that we provide for our dogs, but as a necessary part of their mental health. Enrichment greatly helps to reduce behavior problems and improves the dog's quality of life

Chew Toys

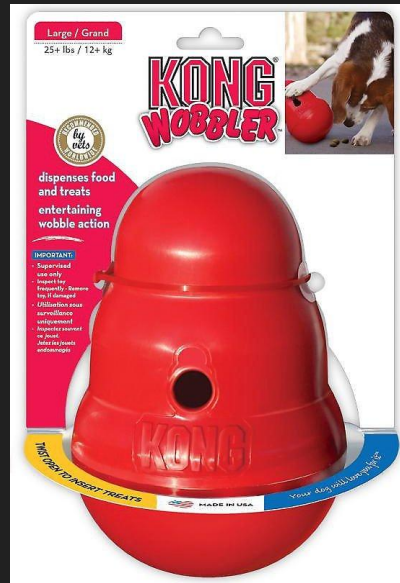

Treat Dispensing Toys

Puzzle Toys

Slow Feeding Options

Don't forget to clean toys!!!

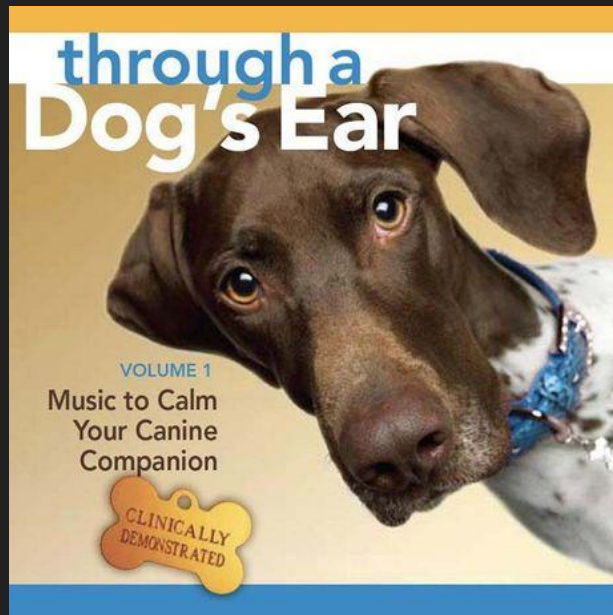

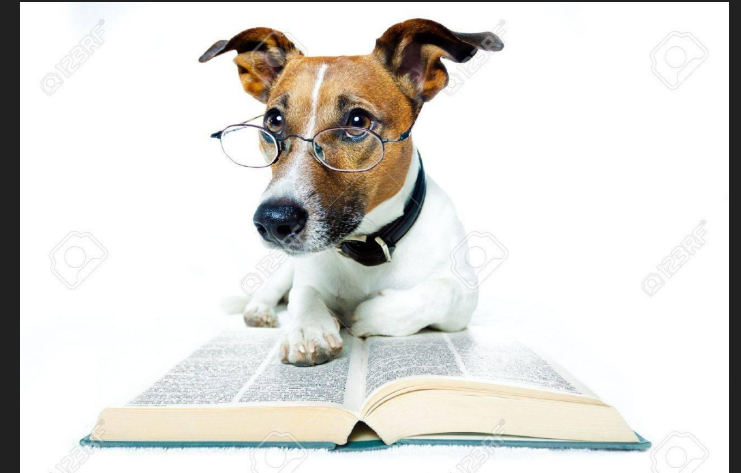

Most durable toys (think Nylabones, KONG, etc) can be run through the dishwasher

This is a great time to rotate toys ☺

Use a toothbrush or bottle brush to clean the inside of toys

Auditory Enrichment

Studies show dogs enjoy a variety of music, from classical to reggae and soft rock

What type of music does your dog like best?

****Do not have music playing constantly for your dog. Just like us, they need quiet breaks from time to time!****

Body Awareness Exercises

Sniffy Walks

~15' Long Line

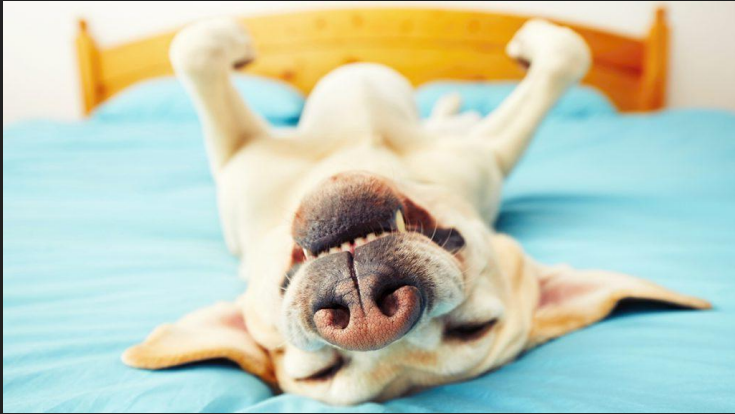

ALWAYS HOLD LEASH

Practice "good dog"
behaviors

DIY Ideas

What Else??

Training as Enrichment

Shaping Exercises

- Fun
- Open Ended
- For the Joy of training
